- 3. For all other equipment not listed above, the fee shall be based upon the reasonable rental value thereof.
- 4. Labor fees for City personnel shall be determined by utilizing the average hourly pay rate, including benefits, for the particular department involved. In order to reimburse the City for certain administrative costs, such average hourly pay rates shall be multiplied by a factor of 1.5.
- 5. In the case of a dog 4 months of age or over, the newly adopted dog will be transported to the veterinarian by the Animal Control Officer or volunteer for its rabies shots and sterilization. The person adopting the dog will then be responsible for payment to the veterinarian when picking up the dog.
