

# Customer Water Meter Location Approval

Customers requesting water service who DO NOT already have a water meter installed must complete the steps in this form BEFORE the Yerington Public Works will install a meter pit and water meter.

## STEP 1:

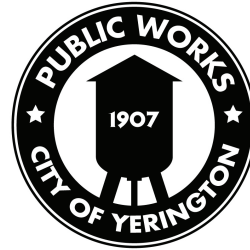

Please place a stake in the ground and mark the stake with your address and the word "WATER." The location you select must be within the utility easement, which extends 10' into the front of your property.

## STEP 2:

Take a photo of the stake and send the photo, along with this completed form, to:

Email: jayf@yerington.net

Mail/In Person: City of Yerington NV  
14 E Goldfield Ave  
Yerington, NV 89447

## STEP 3:

COYPW will review your proposed water meter location and contact you if the location selected by the customer is not acceptable.

## STEP 4:

If a contractor is representing the property owner in selecting the location of the water meter the property owner must complete the following:

Contractor Name:		Nevada Contractors License Number:
Phone Number:	Email Address:	

## STEP 5:

### Approvals:

*I approve of the location selected for the installation of a water meter and water meter pit. I understand that the City of Yerington **WILL NOT** move the meter pit after it is installed.*

Property Owner Name:	Phone:
Service Address:	Email:
